

master information management

info evening, 17 May

If you want a postgraduate qualification in managing information, your search is over.

QUT now offers Queensland's only **Master of Information Management** degree.

There is an ever increasing demand for information management professionals who can manage an organisation's information needs – everything from libraries to websites to corporate records.

This new program will assist graduates from a range of professions to develop IT skills, organisational and technical knowledge as well as an understanding of the impact of information on society. Graduates can expect to find employment in libraries and within corporate and government agencies.

Exciting opportunities

The new program offers the opportunity to specialise in the following areas:

- Library Studies
- Information & Knowledge Management
- Records Management
- Web Management

Graduate Certificates are also available in the above specialisations.

More information

To find out more come along to our **IT Postgraduate Info Evening, Tuesday 17 May**, 6pm, Gardens Point (city) campus. Phone (07) 3864 2782, email fit.enquiry@qut.edu.au or visit www.fit.qut.com
